

Sermon: The Priorities of a Church Leader

Text: Acts 6:1-7

Notes

What should be the priorities of a Church leader?

What was the problem the church was facing in Acts 6?

See what the Apostles say in verse 2.

1. Church Leaders Must Minister The Word And Pray

Ministry of the Word and Prayer needs attention

Why is ministry of the word so important?

At the centre of Christianity is a message

2. Church Leaders Must Delegate Other Important Needs

The church is to do more than minister the word and pray In order to safeguard ministry of the word, leaders must delegate

Apply this to church leaders:

Leaders must be prepared to delegate responsibilities to others

Apply to church members:

Are you someone who could be delegated to?

Are you full of the Spirit and wise?

How can you grow in this?

Are you willing to take on responsibilities?

Conclusion:

Church leaders must minister the word and pray as well as delegate other important needs.

See the result in verse 7 We have no guarantee that the word will spread if we get our priorities right but we need to pray that it will.
